

**Chen, Jie (ed.); Wu, J. Z. (ed.); Wang, Q. L. (ed.); Liao, X. Z. (ed.)**

**Youth automation. Proceedings of the IFAC conference, Beijing, PRC, August 22–25, 1995.**

**In 2 vol.** (English) [Zbl 0911.93004](#)

Amsterdam: Pergamon. 680 p. (1997).

[The articles of this volume will not be indexed individually].

Topics include: Linear and nonlinear control, system modelling and identification, adaptive control, optimization methods, robust control, discrete-event dynamical systems, filtering and digital signal processing, fault detection, robotics, intelligent control, neural networks, process control, real-time control algorithms, system modeling.

**MSC:**

**93–06** Proceedings, conferences, collections, etc. pertaining to systems and control theory

**00B25** Proceedings of conferences of miscellaneous specific interest

**Keywords:**

Beijing (PRC); Conference; Proceedings; Automation; IFAC conference; system modelling and identification; adaptive control; discrete-event dynamical systems; fault detection; intelligent control; neural networks
