

Mihailov, D.; Stan, I.

Interpolation of quasi-normed operator ideals with real methods. (English) [Zbl 0913.47040](#)

Proceedings of the fifth symposium of mathematics and its applications, Timișoara, Romania, October 29–30, 1993. Timișoara: Editura Mirton, 195–200 (1993).

Summary: We prove that by interpolation two or three quasi-normed operator ideals on Banach spaces with real methods we obtain new operator ideals.

For the entire collection see [\[Zbl 0903.00029\]](#).

MSC:

[47L20](#) Operator ideals

[46M35](#) Abstract interpolation of topological vector spaces

Keywords:

[interpolation](#); [quasi-normed operator ideals on Banach spaces](#); [real methods](#)
