

Rosakis, Ares J.; Samudrala, Omprakash; Singh, Raman P.; Shukla, A.

Intersonic crack propagation in bimaterial systems. (English) Zbl 0945.74511

J. Mech. Phys. Solids 46, No. 10, 1789-1813 (1998).

MSC:

74-05 Experimental work for problems pertaining to mechanics of deformable solids

Cited in 18 Documents

74R99 Fracture and damage

Full Text: [DOI](#)

This reference list is based on information provided by the publisher or from digital mathematics libraries. Its items are heuristically matched to zbMATH identifiers and may contain data conversion errors. It attempts to reflect the references listed in the original paper as accurately as possible without claiming the completeness or perfect precision of the matching.
