

Kühr, Jan

Representable dually residuated lattice-ordered monoids. (English) Zbl 1066.06008
Discuss. Math., Gen. Algebra Appl. 23, No. 2, 115-123 (2003).

The author gives some necessary and sufficient conditions for a DRI-monoid to be representable and proves that the class of representable DRI-monoids is a variety.
