

Dariescu, Marina-Aura; Dariescu, Ciprian

Scalar and electromagnetic configurations in $k = 1$ Friedman-Robertson-Walker universes.

(English) [Zbl 1079.83014](#)

Int. J. Mod. Phys. A 20, No. 11, 2510-2514 (2005).

MSC:

83C50 Electromagnetic fields in general relativity and gravitational theory

83F05 Cosmology

Keywords:

Spatially closed FRW Universe; Gordon equation; Maxwell equations

This reference list is based on information provided by the publisher or from digital mathematics libraries. Its items are heuristically matched to zbMATH identifiers and may contain data conversion errors. It attempts to reflect the references listed in the original paper as accurately as possible without claiming the completeness or perfect precision of the matching.
