Boorman, Scott A.; Olivier, Donald C.,
Metrics on spaces of finite trees. (English) Zbl 0271.92011

For a scan of this review see the web version.

MSC:
91E99 Mathematical psychology
05C05 Trees
05B25 Combinatorial aspects of finite geometries

Full Text: DOI

This reference list is based on information provided by the publisher or from digital mathematics libraries. Its items are heuristically matched to zbMATH identifiers and may contain data conversion errors. It attempts to reflect the references listed in the original paper as accurately as possible without claiming the completeness or perfect precision of the matching.
