

Hanf, William

Nonrecursive tilings of the plane. I. (English) Zbl 0299.02054
J. Symb. Log. 39, 283-285 (1974).

For a scan of this review see the [web version](#).

MSC:

- 03D99 Computability and recursion theory
- 03B25 Decidability of theories and sets of sentences
- 03D10 Turing machines and related notions
- 05B45 Combinatorial aspects of tessellation and tiling problems

This reference list is based on information provided by the publisher or from digital mathematics libraries. Its items are heuristically matched to zbMATH identifiers and may contain data conversion errors. It attempts to reflect the references listed in the original paper as accurately as possible without claiming the completeness or perfect precision of the matching.
