

**Garbaczewski, Piotr**

**Representations of the CAR generated by representations of the CCR. Fock case.** (English)

Zbl 0308.46054

Commun. Math. Phys. 43, 131-136 (1975).

For a scan of this review see the [web version](#).

**MSC:**

- 46L05 General theory of  $C^*$ -algebras
- 46N99 Miscellaneous applications of functional analysis
- 47D03 Groups and semigroups of linear operators
- 22D25  $C^*$ -algebras and  $W^*$ -algebras in relation to group representations

This reference list is based on information provided by the publisher or from digital mathematics libraries. Its items are heuristically matched to zbMATH identifiers and may contain data conversion errors. It attempts to reflect the references listed in the original paper as accurately as possible without claiming the completeness or perfect precision of the matching.
