

**Gavril, Fanica**

**A recognition algorithm for the intersection graphs of directed paths in directed trees.**  
(English) [Zbl 0312.05108](#)  
Discrete Math. 13, 237-249 (1975).

For a scan of this review see the [web version](#).

**MSC:**

**05C20** Directed graphs (digraphs), tournaments  
**05C05** Trees  
**68W99** Algorithms in computer science

This reference list is based on information provided by the publisher or from digital mathematics libraries. Its items are heuristically matched to zbMATH identifiers and may contain data conversion errors. It attempts to reflect the references listed in the original paper as accurately as possible without claiming the completeness or perfect precision of the matching.
