MSC:

- [90C25](#) Convex programming
- [90-02](#) Research exposition (monographs, survey articles) pertaining to operations research and mathematical programming
- [49-02](#) Research exposition (monographs, survey articles) pertaining to calculus of variations and optimal control
- [90C30](#) Nonlinear programming
- [58E15](#) Variational problems concerning extremal problems in several variables; Yang-Mills functionals
- [49Jxx](#) Existence theories in calculus of variations and optimal control
- [49Kxx](#) Optimality conditions
- [49Q20](#) Variational problems in a geometric measure-theoretic setting
- [52A40](#) Inequalities and extremum problems involving convexity in convex geometry
