

**Vilenkin, N. Ya.; Koganov, L. M.**

**Combinatorial proof of certain identities.** (English) Zbl 0416.05012  
Math. Notes 24, 658-660 (1979).

For a scan of this review see the [web version](#).

**MSC:**

**05A19** Combinatorial identities, bijective combinatorics

**05B20** Combinatorial aspects of matrices (incidence, Hadamard, etc.)

**Keywords:**

This reference list is based on information provided by the publisher or from digital mathematics libraries. Its items are heuristically matched to zbMATH identifiers and may contain data conversion errors. It attempts to reflect the references listed in the original paper as accurately as possible without claiming the completeness or perfect precision of the matching.
