

**Novshek, William; Sonnenschein, Hugo**

**Small efficient scale as a foundation for Walrasian equilibrium.** (English) Zbl 0433.90011  
J. Econ. Theory 22, 243-255 (1980).

For a scan of this review see the [web version](#).

**MSC:**

91B50 General equilibrium theory

Cited in 6 Documents

**Keywords:**

small efficient scale; Walrasian equilibrium; endogeneous market entry; perfect competition; large number of firms; existence of equilibrium; welfare economics; formal competitive theory; convexity hypotheses

This reference list is based on information provided by the publisher or from digital mathematics libraries. Its items are heuristically matched to zbMATH identifiers and may contain data conversion errors. It attempts to reflect the references listed in the original paper as accurately as possible without claiming the completeness or perfect precision of the matching.
