

Redekopp, Larry G.

Similarity solutions of some two-space-dimensional nonlinear wave evolution equations. (English) [Zbl 0459.35077](#)

Stud. Appl. Math. 63, 185-207 (1980).

For a scan of this review see the [web version](#).

MSC:

35Q99 Partial differential equations of mathematical physics and other areas of application Cited in 10 Documents

35K55 Nonlinear parabolic equations

35L70 Second-order nonlinear hyperbolic equations

Keywords:

similarity solutions; nonlinear wave evolution equations; Korteweg-de Vries equation; Benjamin-Davis-Ono equation; motion; similarity reductions; nonlinear Schrödinger equations; reduced equations; Painlevé transcendent

This reference list is based on information provided by the publisher or from digital mathematics libraries. Its items are heuristically matched to zbMATH identifiers and may contain data conversion errors. It attempts to reflect the references listed in the original paper as accurately as possible without claiming the completeness or perfect precision of the matching.
