

Reilly, I. L.; Subrahmanyam, P. V.; Vamanamurthy, M. K.

Cauchy sequences in quasi-pseudo-metric spaces. (English) Zbl 0472.54018
Monatsh. Math. 93, 127-140 (1982).

For a scan of this review see the [web version](#).

MSC:

54E52 Baire category, Baire spaces
54E50 Complete metric spaces

Cited in **5** Reviews
Cited in **84** Documents

Keywords:

completeness in quasi-pseudo-metric spaces; Baire category theorem; contraction principle; Cantor's characterization of completeness

This reference list is based on information provided by the publisher or from digital mathematics libraries. Its items are heuristically matched to zbMATH identifiers and may contain data conversion errors. It attempts to reflect the references listed in the original paper as accurately as possible without claiming the completeness or perfect precision of the matching.
