

Harary, Frank

Homage to Roberto Frucht. (English) Zbl 0492.05033
J. Graph Theory 6, 97-99 (1982).

For a scan of this review see the [web version](#).

MSC:

[05C25](#) Graphs and abstract algebra (groups, rings, fields, etc.)
[01A65](#) Development of contemporary mathematics
[05-03](#) History of combinatorics

Cited in 1 Document

Keywords:

[sketch of the lines of research; stimulated by R. Frucht](#)

This reference list is based on information provided by the publisher or from digital mathematics libraries. Its items are heuristically matched to zbMATH identifiers and may contain data conversion errors. It attempts to reflect the references listed in the original paper as accurately as possible without claiming the completeness or perfect precision of the matching.
