

Fulling, S. A.; Narcowich, F. J.; Wald, Robert M.
Singularity structure of the two-point function in quantum field theory in curved spacetime.
II. (English) [Zbl 0495.35054](#)
Ann. Phys. 136, 243-272 (1982).

For a scan of this review see the [web version](#).

MSC:

35L67 Shocks and singularities for hyperbolic equations
81T08 Constructive quantum field theory

Cited in **2** Reviews
Cited in **62** Documents

Keywords:

singularity structure; two-point function; quantum field theory; curved spacetime; free, scalar, real, massive quantum field; Hadamard elementary solution; stress-energy-momentum tensor; S-matrix; Feynman propagator

This reference list is based on information provided by the publisher or from digital mathematics libraries. Its items are heuristically matched to zbMATH identifiers and may contain data conversion errors. It attempts to reflect the references listed in the original paper as accurately as possible without claiming the completeness or perfect precision of the matching.
