

Novshek, William; Sonnenschein, Hugo

Walrasian equilibria as limits of noncooperative equilibria. II: Pure strategies. (English)

Zbl 0524.90018

J. Econ. Theory 30, 171-187 (1983).

For a scan of this review see the [web version](#).

MSC:

91B50 General equilibrium theory

Cited in 11 Documents

Keywords:

Walrasian equilibria; limit economy; noncooperative Cournot equilibria; approximating finite economies; nonconvex production sets

This reference list is based on information provided by the publisher or from digital mathematics libraries. Its items are heuristically matched to zbMATH identifiers and may contain data conversion errors. It attempts to reflect the references listed in the original paper as accurately as possible without claiming the completeness or perfect precision of the matching.
