A note on group divisible designs with mutually orthogonal resolutions. (English)

Zbl 0656.05010

J. Aust. Math. Soc., Ser. A 44, No. 3, 397-401 (1988).

(r, λ) -designs and group divisible designs with mutually orthogonal resolutions were considered by the authors [Eur. J. Comb. 7, 249-257 (1986; Zbl 0618.05009)]. Here, further group divisible designs with mutually orthogonal resolutions are considered.
