Asymptotic behaviour in planar vortex theory. (English) [Zbl 0709.76027](#)

Atti Accad. Naz. Lincei, Cl. Sci. Fis. Mat. Nat., IX. Ser., Rend. Lincei, Mat. Appl. 1, No. 4, 285-291 (1990).

Summary: The asymptotic behaviour of solutions of a class of free-boundary problems arising in vortex theory is discussed.
