

**Robinson, Stephen M.**

**Some continuity properties of polyhedral multifunctions.** (English) Zbl 0449.90090  
Math. Program. Study 14, 206-214 (1981).

For a scan of this review see the [web version](#).

**MSC:**

**90C31** Sensitivity, stability, parametric optimization

**90C33** Complementarity and equilibrium problems and variational inequalities (finite dimensions) (aspects of mathematical programming)

**54C60** Set-valued maps in general topology

Cited in **188** Documents

**Keywords:**

continuity properties; polyhedral multifunctions; polyhedral convex sets; linear complementarity; parametric programming
