

Godsil, C. D.; Gutman, I.

On the theory of the matching polynomial. (English) Zbl 0462.05051

J. Graph Theory 5, 137-144 (1981).

For a scan of this review see the [web version](#).

MSC:

05C70 Edge subsets with special properties (factorization, matching, partitioning, covering and packing, etc.)

05C50 Graphs and linear algebra (matrices, eigenvalues, etc.)

Cited in **5** Reviews
Cited in **90** Documents

Keywords:

[matching](#); [eigenvalue](#); [characteristic polynomial](#)

This reference list is based on information provided by the publisher or from digital mathematics libraries. Its items are heuristically matched to zbMATH identifiers and may contain data conversion errors. It attempts to reflect the references listed in the original paper as accurately as possible without claiming the completeness or perfect precision of the matching.
