

Haeggkvist, R.; Hell, P.

Sorting and merging in rounds. (English) Zbl 0493.68060

SIAM J. Algebraic Discrete Methods 3, 465-473 (1982).

For a scan of this review see the [web version](#).

MSC:

68P10 Searching and sorting

68U20 Simulation (MSC2010)

Cited in 11 Documents

Keywords:

structural modeling; optimal algorithms for merging in rounds

This reference list is based on information provided by the publisher or from digital mathematics libraries. Its items are heuristically matched to zbMATH identifiers and may contain data conversion errors. It attempts to reflect the references listed in the original paper as accurately as possible without claiming the completeness or perfect precision of the matching.
