

**Frampton, Paul H.; Kephart, Thomas W.**

**Consistency conditions for AdS/CFT embeddings.** (English) Zbl 1080.81572

Int. J. Mod. Phys. A 19, No. 4, 593-598 (2004).

**MSC:**

**81T30** String and superstring theories; other extended objects (e.g., branes) in quantum field theory

**81T60** Supersymmetric field theories in quantum mechanics

**83E30** String and superstring theories in gravitational theory

**Keywords:**

AdS/CFT correspondence; group embedding; gauge field theory; quiver theory; Abelian orbifold; non-Abelian orbifold; consistency conditions

This reference list is based on information provided by the publisher or from digital mathematics libraries. Its items are heuristically matched to zbMATH identifiers and may contain data conversion errors. It attempts to reflect the references listed in the original paper as accurately as possible without claiming the completeness or perfect precision of the matching.
