

Bollobas, Bela; Thomason, Andrew

Parallel sorting. (English) Zbl 0507.68035

Discrete Appl. Math. 6, 1-11 (1983).

For a scan of this review see the [web version](#).

MSC:

[68P10](#) Searching and sorting

[68R10](#) Graph theory (including graph drawing) in computer science

[68Q25](#) Analysis of algorithms and problem complexity

Cited in **10** Documents

This reference list is based on information provided by the publisher or from digital mathematics libraries. Its items are heuristically matched to zbMATH identifiers and may contain data conversion errors. It attempts to reflect the references listed in the original paper as accurately as possible without claiming the completeness or perfect precision of the matching.
