

Mann, B. P.; Carter, R. E.; Hazra, S. S.

Experimental study of an impact oscillator with viscoelastic and Hertzian contact. (English)

Zbl 1177.70003

Nonlinear Dyn. 50, No. 3, 587-596 (2007).

MSC:

70-05 Experimental work for problems pertaining to mechanics of particles and systems

Cited in 5 Documents

70F35 Collision of rigid or pseudo-rigid bodies

This reference list is based on information provided by the publisher or from digital mathematics libraries. Its items are heuristically matched to zbMATH identifiers and may contain data conversion errors. It attempts to reflect the references listed in the original paper as accurately as possible without claiming the completeness or perfect precision of the matching.
