

Sharp, N. S.; Neuscamman, S.; Warhaft, Z.

Effects of large-scale free stream turbulence on a turbulent boundary layer. (English)

Zbl 1183.76470

Phys. Fluids 21, No. 9, Paper No. 095105, 15 p. (2009).

Editorial remark: No review copy delivered.

MSC:

76-XX Fluid mechanics

Cited in 8 Documents

Keywords:

boundary layer turbulence; wind tunnels

This reference list is based on information provided by the publisher or from digital mathematics libraries. Its items are heuristically matched to zbMATH identifiers and may contain data conversion errors. It attempts to reflect the references listed in the original paper as accurately as possible without claiming the completeness or perfect precision of the matching.
