

Danilov, Sergey; Gurarie, David

Scaling, spectra and zonal jets in beta-plane turbulence. (English) Zbl 1186.76124
Phys. Fluids 16, No. 7, Paper No. 2592, 12 p. (2004).

Editorial remark: No review copy delivered.

MSC:

76-XX Fluid mechanics

Cited in 6 Documents

Keywords:

jets; vortices; coriolis force; turbulence; geophysical fluid dynamics; oceanography; astrophysical jets

This reference list is based on information provided by the publisher or from digital mathematics libraries. Its items are heuristically matched to zbMATH identifiers and may contain data conversion errors. It attempts to reflect the references listed in the original paper as accurately as possible without claiming the completeness or perfect precision of the matching.
