Interpolation of Banach \mathcal{K} -subtuples. (English) [Zbl 1313.46076](#)

Bul. Ştiinţ. Univ. Politeh. Timiş., Ser. Mat.-Fiz. 58(72), No. 1, 18-26 (2013).

Summary: We extend some interpolation results from \mathcal{K} -subcouples to \mathcal{K} -subtuples. We give a sufficient and a necessary and sufficient condition that a subtuple to be a \mathcal{K} -subtuple.

MSC:

46M35 Abstract interpolation of topological vector spaces

Keywords:

interpolation; Banach tuples; subtuples; \mathcal{K} -subtuples
