

Rockenfeller, R.; Günther, M.

Corrigendum to: “Extracting low-velocity concentric and eccentric dynamic muscle properties from isometric contraction experiments”. (English) [Zbl 1379.92004](#)

Math. Biosci. 291, 56-58 (2017).

Summary: We provide corrections to our paper [ibid. 278, 77–93 (2016; [Zbl 1346.92016](#))] where we used an erroneous form of Hatze’s activation dynamics. The statements of the paper still hold true in general, even though the numerical values of Tables 1, 2, and 3 slightly vary. The authors would like to apologize for any inconvenience caused.

This reference list is based on information provided by the publisher or from digital mathematics libraries. Its items are heuristically matched to zbMATH identifiers and may contain data conversion errors. It attempts to reflect the references listed in the original paper as accurately as possible without claiming the completeness or perfect precision of the matching.
