

Tomović, S.; Ognjanović, Z.; Doder, D.

A first-order logic for reasoning about knowledge and probability. (English) Zbl 1446.03038

ACM Trans. Comput. Log. 21, No. 2, Article No. 16, 30 p. (2020).

MSC:

03B42 Logics of knowledge and belief (including belief change)

03B48 Probability and inductive logic

68T27 Logic in artificial intelligence

68T42 Agent technology and artificial intelligence

Keywords:

probabilistic epistemic logic; coordinated actions; infinite number of agents; probabilistic common knowledge; strong completeness
