

**Elesin, V. V.; Sidorenko, D. A.; Utkin, P. S.**

**Three-dimensional Cartesian grid method for the simulations of flows with shock waves in the domains with varying boundaries.** (English) [Zbl 07446892](#)

*Int. J. Comput. Methods* 18, No. 4, Article ID 2050046, 20 p. (2021)

**MSC:**

76-XX Fluid mechanics

74-XX Mechanics of deformable solids

**Keywords:**

Cartesian grid method; 3D Euler equations; shock wave; particle

**Full Text:** [DOI](#)
