

Barles, G.; Soner, H. M.; Souganidis, P. E.

Front propagation and phase field theory. (English) Zbl 0785.35049

SIAM J. Control Optimization 31, No. 2, 439-469 (1993).

MSC:

35K57 Reaction-diffusion equations

53A10 Minimal surfaces in differential geometry, surfaces with prescribed mean curvature

35A05 General existence and uniqueness theorems (PDE) (MSC2000)

Cited in **2** Reviews
Cited in **126** Documents

Keywords:

viscosity solutions; mean curvature flow; weak propagation of fronts; phase field theory; signed distance function; reaction-diffusion equations
