

Hocking, L. M.

The wetting of a plane surface by a fluid. (English) Zbl 1023.76501

Phys. Fluids 7, No. 6, 1214-1220 (1995).

MSC:

76A20 Thin fluid films

76D45 Capillarity (surface tension) for incompressible viscous fluids

This reference list is based on information provided by the publisher or from digital mathematics libraries. Its items are heuristically matched to zbMATH identifiers and may contain data conversion errors. It attempts to reflect the references listed in the original paper as accurately as possible without claiming the completeness or perfect precision of the matching.
