

Kida, Teruhiko

Theoretical and numerical results of a deterministic two-dimensional vortex method. (English) [Zbl 1075.76624](#)
Sādhanā 23, No. 5-6, 419-441 (1998).

MSC:

76M23 Vortex methods applied to problems in fluid mechanics
76D17 Viscous vortex flows
76D99 Incompressible viscous fluids

This reference list is based on information provided by the publisher or from digital mathematics libraries. Its items are heuristically matched to zbMATH identifiers and may contain data conversion errors. It attempts to reflect the references listed in the original paper as accurately as possible without claiming the completeness or perfect precision of the matching.
