

Landsman, Zinoviy M.; Valdez, Emiliano A.

Tail conditional expectations for elliptical distributions. (English) Zbl 1084.62512

N. Am. Actuar. J. 7, No. 4, 55-71 (2003).

MSC:

62H10 Multivariate distribution of statistics

62P05 Applications of statistics to actuarial sciences and financial mathematics

Cited in **1** Review

This reference list is based on information provided by the publisher or from digital mathematics libraries. Its items are heuristically matched to zbMATH identifiers and may contain data conversion errors. It attempts to reflect the references listed in the original paper as accurately as possible without claiming the completeness or perfect precision of the matching.
