

de Wilde, W. P.; Brebbia, C. A.

High performance structures and materials IV (HPSM 2008). 4th international conference on high performance structures and materials, 13–15 May, 2008, The Algarve, Portugal. (English) [Zbl 1138.74003]

WIT Transactions on the Built Environment 97. Southampton: WIT Press (ISBN 978-1-84564-106-1/hbk; 978-1-84564-311-9/ebook). 546 p. (2008).

The articles of this volume will be reviewed individually.

Indexed articles:

Klasztorny, M.; Niezgoda, T.; Gieleta, R., Viscoelastic modelling of regular cross-ply polymer-matrix laminates, 13-22 [Zbl 1412.74015]

Niezgoda, T.; Klasztorny, M.; Gieleta, R., Homogenization of regular cross-ply polymer-matrix laminates, 23-32 [Zbl 1412.74062]

Valenta, R.; Šejnoha, M., Two-step homogenization of asphalt mixtures, 33-41 [Zbl 1412.74063]

Iskhakov, I.; Ribakov, Y., From high strength and high performance concrete to high performance RC bending elements, 73-82 [Zbl 1412.74014]

Kravanja, S.; Klanšek, U., Cost optimization of composite floors, 109-118 [Zbl 1412.74057]

Procházka, P. P.; Toman, M., Nonlinear Hashin-Shtrikman bounds for hereditary problems, 119-127 [Zbl 1412.74065]

Brož, P., Some challenging aspects of ductile materials, 305-314 [Zbl 1412.74066]

Limkatanyu, S.; Kuntiyawichai, K., A practical appraisal method for through-wall cracks in tubular structures, 315-322 [Zbl 1412.74068]

Qazi, A. U.; Ye, L.; Lu, X., Performance of mixed ordinary and high strength steel reinforced concrete frames against earthquakes, 347-357 [Zbl 1412.74038]

Walsh, J.; Hou, G.; Soman, K., A comparison of slamming impact models on orthotropic sandwich panels, 359-368 [Zbl 1412.74053]

Singh, H.; Paul, D. K., Inelastic dynamic response of 3D reinforced concrete infilled frames, 379-387 [Zbl 1412.74017]

Hrinda, G. A., Structural optimization of conceptual aerospace vehicles, 411-419 [Zbl 1412.74055]

Maheri, A.; Isikveren, A. T., Variable-state design parameters in the design of aero-structures made of intrinsically smart materials, 421-430 [Zbl 1412.74058]

Šilih, S.; Kravanja, S.; Dobrila, P.; Premrov, M., MINPL optimization of timber trusses considering joint flexibility, 431-438 [Zbl 1412.74060]

Žula, T.; Kravanja, S., The two-phase MINLP optimization of a single-storey industrial steel building, 439-448 [Zbl 1412.74061]

Merta, I.; Kravanja, S.; Klanšek, U., Optimization-based cost comparison between reinforced concrete and steel beams, 449-456 [Zbl 1412.74059]

Okamoto, S.; Yamamoto, M.; Hosokawa, K.; Nakano, M.; Hanaoka, K., Mechanical properties of CFRP pressure vessels and identification of equivalent elastic moduli of CFRPs, 471-480 [Zbl 1412.74016]

Carolin, A.; Täljsten, B., Probabilistic design of FRP strengthening of concrete structures, 481-489 [Zbl 1412.74067]

MSC:

74-06 Proceedings, conferences, collections, etc. pertaining to mechanics of deformable solids

Cited in 1 Review

00B25 Proceedings of conferences of miscellaneous specific interest
