

**Bracco, A.; McWilliams, J. C.; Murante, G.; Provenzale, A.; Weiss, J. B.**

**Revisiting freely decaying two-dimensional turbulence at millennial resolution.** (English)

Zbl 1184.76069

Phys. Fluids 12, No. 11, Paper No. 2931, 11 p. (2000).

Editorial remark: No review copy delivered.

**MSC:**

76-XX Fluid mechanics

Cited in 21 Documents

**Keywords:**

turbulence; vortices

**Full Text:** DOI

This reference list is based on information provided by the publisher or from digital mathematics libraries. Its items are heuristically

matched to zbMATH identifiers and may contain data conversion errors. It attempts to reflect the references listed in the original paper as accurately as possible without claiming the completeness or perfect precision of the matching.
