

**Constantinescu, George; Squires, Kyle**

**Numerical investigations of flow over a sphere in the subcritical and supercritical regimes.**

(English) [Zbl 1186.76112](#)

Phys. Fluids 16, No. 5, Paper No. 1449, 18 p. (2004).

Editorial remark: No review copy delivered.

**MSC:**

**76-XX** Fluid mechanics

Cited in **21** Documents

**Keywords:**

vortices; external flows; Navier-Stokes equations; flow simulation; flow instability; drag reduction; laminar to turbulent transitions

This reference list is based on information provided by the publisher or from digital mathematics libraries. Its items are heuristically matched to zbMATH identifiers and may contain data conversion errors. It attempts to reflect the references listed in the original paper as accurately as possible without claiming the completeness or perfect precision of the matching.
