

Simperl, Elena

Guidelines for reusing ontologies on the semantic web. (English) Zbl 1207.68376

Int. J. Semant. Comput. 4, No. 2, 239-283 (2010).

MSC:

68T30 Knowledge representation

68M11 Internet topics

68T05 Learning and adaptive systems in artificial intelligence

Keywords:

semantic technologies; ontology reuse; semantic web

This reference list is based on information provided by the publisher or from digital mathematics libraries. Its items are heuristically matched to zbMATH identifiers and may contain data conversion errors. It attempts to reflect the references listed in the original paper as accurately as possible without claiming the completeness or perfect precision of the matching.
