Wakker, Peter P.
Jaffray’s ideas on ambiguity. (English) Zbl 1274.91152

Summary: This paper discusses Jean-Yves Jaffray’s ideas on ambiguity and the views underlying his ideas. His models, developed 20 years ago, provide the most tractable separation of risk attitudes, ambiguity attitudes, and ambiguity beliefs available in the literature today.

MSC: 91B06 Decision theory

Keywords: ambiguity; total absence of information; belief functions
