

Debnath, Partha Sarathi

Nonlinear viscous cosmological models in $f(R, T)$ gravity. (English) Zbl 1421.83149
Int. J. Geom. Methods Mod. Phys. 16, No. 6, Article ID 1950085, 20 p. (2019).

MSC:

- 83F05 Relativistic cosmology
- 83D05 Relativistic gravitational theories other than Einstein's, including asymmetric field theories
- 83C20 Classes of solutions; algebraically special solutions, metrics with symmetries for problems in general relativity and gravitational theory
- 83C55 Macroscopic interaction of the gravitational field with matter (hydrodynamics, etc.)
- 76Y05 Quantum hydrodynamics and relativistic hydrodynamics
- 76E20 Stability and instability of geophysical and astrophysical flows
- 35D40 Viscosity solutions to PDEs

Keywords:

$f(R; T)$ gravity; cosmology; nonlinear viscosity
