

Száz, Árpád

Generalizations of Galois and Pataki connections to relator spaces. (English) Zbl 1453.06004
J. Int. Math. Virtual Inst. 4, 43-75 (2014).

MSC:

06A15 Galois correspondences, closure operators (in relation to ordered sets) Cited in 6 Documents

Keywords:

generalized ordered sets and uniform spaces; generalized Galois and Pataki connections; continuities of pairs of relations and relators
