Leibovich, Matan; **Papanicolaou, George**; **Tsogka, Chrysoula**
Correlation based imaging for rotating satellites. (English) Zbl 1474.78006
SIAM J. Imaging Sci. 14, No. 1, 271-303 (2021).

MSC:

78A45 Diffraction, scattering
78A46 Inverse problems (including inverse scattering) in optics and electromagnetic theory
35R30 Inverse problems for PDEs
49N30 Problems with incomplete information (optimization)
78M35 Asymptotic analysis in optics and electromagnetic theory
78M99 Basic methods for problems in optics and electromagnetic theory

Keywords:

passive imaging; cross-correlation; sparse networks

Full Text: DOI arXiv
