

Dickson, David C. M.; Drekić, Steve; Stanford, David A.; Willmot, Gordon E.
Discussion of: “Lundberg-type bounds for the joint distribution of surplus immediately before and at ruin under the Sparre Andersen model”. (English) Zbl 1479.91319
N. Am. Actuar. J. 10, No. 1, 111-112 (2006).

Discussion of [*A. C. Y. Ng* and *H. Yang*, *N. Am. Actuar. J.* 9, No. 2, 85–107 (2005; [Zbl 1085.60517](#))].

This reference list is based on information provided by the publisher or from digital mathematics libraries. Its items are heuristically matched to zbMATH identifiers and may contain data conversion errors. It attempts to reflect the references listed in the original paper as accurately as possible without claiming the completeness or perfect precision of the matching.
